

Still So Bright It's Visible for Over a Mile — So Good It's Guaranteed for a Lifetime of Light!

Just press Sapphire's Softtouch Switch, and a brilliant beam gives you luminous light wherever you need it. Ingenious white-crystal

LED lasts for over 100,000 hours of use; draws a miniscule amount of current. So the permanent, lithium button cells literally give you a lifetime of light!

Forged aluminum body is shock proof, and highly water resistant — you can't destroy it! And in the unlikely event Sapphire ever fails, for *any* reason, the manufacturer will replace it free of charge, for your lifetime. Choose from colors at right, red or green, or USA Flag.
